In this case, an order sealing the Complaint would be appropriate because the attached Complaint relates to an ongoing criminal investigation into violations of 21 United States Code, Sections 846, 841(a)(1) and (b)(1)(A)(viii); that is neither public nor known to all of the targets of the investigation, and its disclosure may alert the targets to the ongoing investigation. Accordingly, there is reason to believe that the disclosure of the information contained within the Complaint will

jeopardize the investigation, including by giving additional targets an opportunity to flee or continue flight from prosecution, destroy or tamper with evidence, change patterns of behavior, or notify confederates.

The Government further submits that it is necessary for the Complaint to be sealed in light of the fact that the Government anticipates filing other indictments, including controlled substance and firearms charges, related to the underlying investigation with the goal of taking all defendants into custody at one time. Accordingly, there is reason to believe that notification of the existence of complaint will seriously jeopardize the investigation, as noted previously, and would likely place law enforcement at higher risk of confrontation when securing the arrest of the targets.

DATED: October 9, 2020.

Respectfully submitted, NICHOLAS A. TRUTANICH United States Attorney
